[3.1] Recycling Program for University Waste

Example of Recycling Program for University Waste (University of Thi-qar)

The University of Thi-Qar pasted many posters on the walls of schools and signboards about recycling paper, glass, aluminum, and plastic trash to encourage and guide students and faculty to place them in the appropriate containers. The service department of Thi-Qar University sends these types of separated trashes every day to the municipality of town to treat and recycle them.
